This is a Visual Step by Step Workbook and voice transcript for accompanying video for this portion of the course.

# Charging the Card Setup

Ready for a new set of topics?  
We will start charging cards and getting paid.  
Just 5 steps to get setup to go.

# Step 1

# Open Files Folder

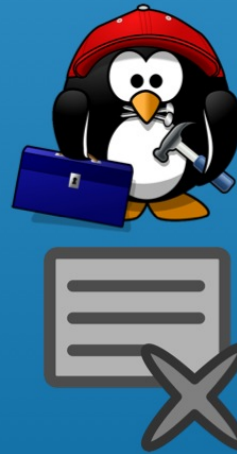

`course_files/04_charging_the_card`

In the `course_files` folder, open the `04_charging_the_card` folder.  
This is the base folder for all files in this section.

## Step 2

## Empty Practice Folder for Section

**practice**

Empty the practice folder if necessary.  
This may be the case if you are repeating the section.

## Step 3

## Setup Practice Folder for Section

Now you can copy the files from the start folder and paste to the practice folder.

## Step 4

## Code Editor

`supplemental/snippets.txt`

`practice/common.inc.php`

`practice/checkout_simple.php`

`practice/checkout_charge_card.inc.php`

Next in a code editor, open these files.  
This will give you a head start when they are needed in video lessons.

# Done!

That is it!  
You can go to work.
